AFTERSCHOOL IS KEY TO KIDS' SUCCESS!

Dear _____

In communities today, 14.3 million children take care of themselves after the school day ends. Just 6.5 million children are in afterschool programs - but the parents of another 15.3 million children say their children would participate if a program were available.

Afterschool programs keep kids safe, inspire kids to learn and grow and help America's families. Please help make sure all children and families get the afterschool programs they deserve by supporting increases in funding for afterschool. Let's make sure that every child has a safe place to go once the school day ends!

Sincerely,
